WILLY JOHNSON (40s), a handsome actor in a suit and tie, walks onto the set. White backdrop.

WILLY

Hi, we are coming to you LIVE today, from Studio 96. My name is William D. Johnson. You may recognize me from my prime time cameos on CSI: Crime Scene Investigation, CSI: Miami, CSI: New York, CSI: Pflugerville, and High School Musical...

Corner of the screen shows photos from Willy's various chalk-outlined corpse cameos as a cop, a doctor, a homeless man, a cross-dressing prostitute, and a flamboyantly gay teacher singing a show tune (alive in this one).

WILLY (CONT'D)

Or from my award-winning films: XXX Men: Apoca-tits, Sausage Orgy, and most recently, Cockman vs. Uberman III: Dawn of Jizztits.

Corner of the screen shows posters from Willy's porn movies, all censored flesh-tone-pixelated mess except for the titles.

WILLY (CONT'D)

As many of you know, due to the diagnosis of my taint cancer...

Corner of the screen shows a photo of Willy at a doctor's check up with his legs in stirrups.

WILLY (CONT'D)

I took the leap and became a vampire... nothing to do with not wanting to lose my good looks.

Willy looks directly into Camera 2 and poses dramatically like a male model. After a beat, he fake laughs.

SFX: audience laughs

WILLY (CONT'D)
 I thought all I was giving up was
 cupcakes when I vamp-zitioned, and
 then I realized...

The top right corner of the screen shows a side view outline
 of a man with a boner.

WILLY (CONT'D)
 No heart beat, no blood flow. No
 blood flow, no boner.

The cartoon boner falls to the floor and explodes.

SFX: audience awws

WILLY (CONT'D)
 That's when I discovered:
 TIIPIFIVE: "THE" Inflatable
 Internal Penile Implant...For
 Impotent Vampires' Erections.

The screen shows each letter of TIIPI: FIVE as Willy speaks.

SFX: audience oohs and ahhs

WILLY (CONT'D)
 What makes TIIPI-FIVE different
 from penis pumps made for humans,
 you ask? First, a little biology.
 We have in our studio, Dr. Chen!

SFX: audience claps

DR. CHEN (30s), an Asian girl in a doctor's coat, walks in.
 She is clearly a porn actress in short shorts, stockings, and
 a corset with dramatic ridiculous stage makeup on.

DR. CHEN
 (ditzzy baby voice)
 Hi, I'm Dr. Chen. When I first
 started seeing Willy...

Willy gives her the "no no" wide-eyed look and gestures "cut"
 with his hand by his neck.

DR. CHEN (CONT'D)
 (corrects herself)
 Um, when I first started seeing a
 vampire, I realized that...
 (reads from post-it)
 Due to lack of circulation,
 vampires have no "homo-stasis."

WILLY
 (whispers)
 Homeostasis.

DR. CHEN
 Homeo-status. Without body heat,
 they're always room temperature!

SFX: audience ahhs

DR. CHEN (CONT'D)
 But here in Forks, Washington,
 where they shot Twilight, it's
 always 40 degrees! Now, ladies,
 you don't keep your sex toys in
 your refrigerator, do you?

SFX: audience says no and nuh-uh

DR. CHEN (CONT'D)
 And we all know that warming lube
 does not WARM, it BURNS! That's
 why we invented TIIPI-FIVE: the
 first self-heating penile implant!

SFX: audience claps

The corner of the screen shows the outline of the man with
 the cut-off boner grows a much larger boner and smiles.

WILLY
 Just like a regular internal
 inflammable...no, inflatable penile
 prosthesis, there is a minimally
 invasive procedure. They placed the
 self-heating penile tube into my
 shaft and the pump component inside
 my inflatable scrotum.
 (shows in diagram)
 Whenever I want an erection, I just
 gently squeeze my balls like this,
 (mimics the motion)
 The fluid is pumped from the
 reservoir into the penis and I get
 an instant boner!

DR. CHEN
 Now, if you are REALLY good, and
 you make your partner jizz too
 soon, TIIPI-FIVE keeps you hard
 even AFTER premature ejaculation.
 Because? It's...

Production Assistant holds up a cardboard sign, cueing the audience members to answer together.

DR. CHEN AND AUDIENCE
NOT YOUR BONER!

WILLY
(coughs)
Uhm, that's not an issue you're
PERSONALLY experiencing, is it?

DR. CHEN
(hesitates)
Oh, of course not. Let's hear what
our users have to say!

Episode One Ends.

INT. STUDIO STAGE

DR. CHEN

Let's hear what our users have to say!

INT. STUDIO INTERVIEWING ROOM - DAY

LOGAN (30s), a flamboyant bald gay Asian man, is sitting in a director's chair in the studio, vouching for TIIPI-FIVE.

LOGAN

When Victor became a vampire, we found out immediately there were, uh, other consequences.

INT. FANCY BEDROOM - NIGHT

The words "Dramatic Reenactment" show up on the bottom of the screen every time Actors are portraying Victor and Logan.

ACTOR PORTRAYING VICTOR (20s), a handsome and tall brunette model, is standing topless in front of ACTOR PORTRAYING LOGAN (20s), obviously wearing a very bad bald cap with his eyes scotch taped to look Asian. Actor Victor is furiously tugging on his penis off screen, and both of them look sad.

INT. STUDIO INTERVIEWING ROOM - DAY

LOGAN

We knew a penis pump was our solution, so we jumped on it!

INT. FANCY BEDROOM - NIGHT

Actor Victor's private are wrapped in a bandage diaper. He limps in with the help of Actor Logan.

INT. STUDIO INTERVIEWING ROOM - DAY

LOGAN

The first time we tried to have sex after the procedure...I remember it vividly. It was a cold, snowy night. He had just come home...

INT. FANCY BEDROOM - NIGHT

Actor Victor is standing behind Actor Logan, both topless. As Actor Victor thrusts into Actor Logan off screen, Actor Logan makes a ridiculous "what the fuck" face.

INT. STUDIO INTERVIEWING ROOM - DAY

Sad dramatic music plays.

LOGAN

It was like somebody stuck a
popsicle up my butt...

(beat)

I may have suffered from colonic
frost bite! It was traumatic.

INT. FANCY KITCHEN - NIGHT

Actor Logan's privates are covered by a pillow and he has a painful look on his face. He takes a heating pad out of the microwave and jams it between his butt cheeks and has a dramatic look of relief.

INT. STUDIO INTERVIEWING ROOM - DAY

LOGAN

Ever since then, I wouldn't let him
near my bubble butt without thawing
in a hot bath for 15 minutes first.

INT. FANCY BEDROOM - NIGHT

Actor Victor wants to copulate with Actor Logan, but Actor Logan walks away.

INT. FANCY BATHROOM - NIGHT

Actor Logan draws a bath and places a kitchen timer by the tub. He points to the tub and stomps his foot. Actor Victor reluctantly gets in.

Later, Actor Victor is sitting in the bathtub, impatiently checking the time on a kitchen timer by the tub.

When it dings, the bathroom door opens and Actor Logan walks in excited to have sex. Actor Victor had fallen asleep in the tub, holding a rubber ducky. Actor Logan is pissed.

INT. STUDIO INTERVIEWING ROOM - DAY

LOGAN

It wasn't working out.
(becomes cheerful)
And then we found TIIPI-FIVE!

INT. FANCY BEDROOM

Actor Victor and Actor Logan are humping under the sheets. We see their bodies writhing and thrusting. All of a sudden, they lift the covers to give the camera a commercial-like thumbs up, and then goes right back to humping.

INT. STUDIO INTERVIEWING ROOM - DAY

VICTOR (30s), a much smaller brunette man wearing nerdy glasses, is now sitting with Logan. His fangs are exposed.

VICTOR

(slurring)
Thanks to TIIPI-FIVE, I was able to satisfy the love of my life, both mentally and physically.

LOGAN

Please excuse him, we played too rough last night and he tore his fang-retractor muscle. Don't worry, he'll be fine.

VICTOR

Thanks to TIIPI-FIVE, I was able to satisfy...

LOGAN

Honey, you already said that. He's also on a LOOOOT of painkillers right now... Anyway, thank you, TIIPI-FIVE! Back to you, Willy!

INT. STUDIO STAGE - DAY

Willy and Dr. Chen are fooling around behind the white board.

DR. CHEN

Stop! You're so bad!

The producer walks on set, clearing his throat loudly. Willy pokes his head out with lipstick on his face, sees the camera and disappears behind the white board again.

Moments later, he walks out with messed up hair, half-open crotch, and his shirt buttons are off by 1 button.

WILLY

Um, yes! TIIPI-FIVE! Uh, we first tried using batteries to heat up TIIPI-FIVE, but after those exploding cell phones, none of us wanted a battery near our balls. Then the military-grade plutonium failed health inspections, so we went organic!

Dr. Chen walks out from behind the white board, holding a bottle of what looks like clear hand-sanitizer with colorful beads in it. She presents it to the audience.

DR. CHEN

That's right! Every TIIPI-FIVE reservoir is filled with... Unicorn spunk!

WILLY

Ugh, speak science!

DR. CHEN

Oh, sorry, Unicorn sperms!
(whispers)
Should I have said sea-men instead?

Willy gives her a "keep rolling" gesture.

DR. CHEN (CONT'D)

(reads from post-it)
As we all know, heat comes from friction of mole-cules. Due to unicorns' immortality, their little swimmers never stops moving, so their cum will always be warm!

WILLY

Don't worry, all of our unicorns are free range.
(under his breath)
Fucking union thugs...

DR. CHEN

Wait, we put sperms inside a penis pump. What if it leaks? Would I give birth to a Centaur?

WILLY

Not now, we'll talk about it later.

DR. CHEN

What if the centaur has a horn like
its daddy? I could die!

Willy smiles to Camera 1 while shoving Dr. Chen off screen.
Dr. Chen screams and one of her shoes fly up into the shot.

WILLY

Our revolutionary TIIPI-FIVE is
only \$99.99. But if you call us
right now. We'll double your
order! Just pay separate shipping
and handling. So, ask your doctor:
Is TIIPI-FIVE right for you?

Screen shows 1800-696-6969 as Dr. Chen joins Willy again,
limping from only wearing one of her 6-inch high heels.

DR. CHEN

Remember to pitch your tent with
TIIPI-FIVE!

WILLY

Your body's dead, but your dick can
be alive...with TIIPI-FIVE.

SFX: audience claps

A black screen. Credit rolls.

"Sponsored by American Firewood: your body may be cold, but
keep the action warm...with TIIPI-FIVE" shows on screen.

WILLY (O.S.) (CONT'D)

Really? SPERMS?

DR. CHEN (O.S.)

Answer my centaur question!

WILLY (O.S.)

Hey, tell those unicorn reps it's a
good deal. 25 bucks an hour and all
they do is stand around, eating
coffee and getting manually jerked
off with pocket pussies!

DR. CHEN (O.S.)

Aww, they eat coffee!

WILLY (O.S.)

Lazy bastards... Wait, is this
thing still on?

The End.
